Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 percent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 percent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Sales Are Conducted As Follows:

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL — IT PAYS.**
2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**
3. Valuation placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin — instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

IS THIS YOUR FIRST AUCTION CATALOG?

23rd EDITION (1970) & 24th EDITION (1971 ON LATER LOTS) GUIDE BOOK,
PAPER MONEY 6th EDITION, "TRENDS" AND OTHER
AUCTION RECORDS USED IN CATALOGING

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

Please allow up to two weeks for receipt of coins; unsuccessful bidder will be notified.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

BARGAINS

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints (yes we receive some now and then), we want to hear them. Having cataloged over two hundred seventy-five successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 percent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 10c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

\$3 GOLD

It has always been a mystery to us why this denomination was continued for so many years (1854-1889) when they circulated so little. Many years were struck in very limited quantities of around 1,000 or so. Even these largely remained in bank vaults due to their unpopularity. When gold coins were called in and melted in 1933, the small number in existence was further reduced. We believed this series is undervalued in keeping with their true rarity.

85—1854 The only year with tiny “dollars”. BRILLIANT UNCIRCULATED SHARP STRUCK, WIRE EDGE, PRISTINE UNBLEMISHED GEM! This is the specimen for the connoisseur who is desirous of “The Choicest”. A type coin as all the other years have the much larger “Dollars”. Cost \$595 and worth that or more.

1429—F520 Bruce-Wyman. BANK OF NORTH AMERICA, Philadelphia, PA. The only bank without "National" in the name! Choice Very Fine. VERY RARE! Worth close to	900.00
---	--------

1430—F529 BRUCE-ROBERTS (served together only a period of about 4 months). Certainly not many banks could have issued notes during this period, particularly in the \$100 denomination. DELAWARE is one of the rarest states issuing Nationals and this NATIONAL Bank of SMYRNA did not issue very many notes total. This denomination from this bank is EXTREMELY RARE and there may be some validity to the owner's claim that his note "if not actually UNIQUE it is practically so." Friedberg values Delaware notes at 3 times that of "common states". Therefore this VERY FINE note would have the catalog value for the state of Delaware of \$900, with an additional premium as a rare small Bank. We believe this note to be worth a minimum of	\$1,500.00

CHOICE LARGE CENTS
1793 CHAIN AMERI.

1841—1793 CHAIN AMERI., lot 31 of 1964 A.N.A. Convention Sale described as follows: "Sheldon 1, Rarity 4. Widest date of the Chain Cents. The AMERI. variety being abbreviated for the word America. Only a bit of wear appears on the high point of the hair. All other features, liberty, date and rim quite Bold. The reverse still sharper with a dark brown and steel toning. Possibly 7th or 8th finest known and as such, we estimate its value over \$3,000.00". It realized \$2,900.00 there-over 6 years ago. The value in the present Guidebook for top grade specimens is more than double that in the 1964 Guidebook, therefore its present value should be double or 6,000.00

1793 CHAIN WITH PERIODS CENT

1842—1793 S-4, Period after LIBERTY, basically EXTREMELY FINE but has slight rubbed spot in field. Extremely Fine worth over \$2,000.00; this specimen probably worth closer to V. F. price of 1,300.00

1793 WREATH CENT

1843—1793 S-10 PERIOD AFTER "AMERICA." (distinct "type" worthy of separate listing.) Very Good and sharp obverse (Fine LIBERTY and date). Very Fine reverse. RARE "TYPE" and VARIETY. Well worth over 750.00

RARE & CHOICE 1794 LARGE CENTS

- 1844—S-28, LIBERTY high, Large Flan Extremely Fine and Sharp with delicate ornate hair and attractive light brown color. In this CHOICE condition, could bring close to 500.00
- 1845—S-36, LOW HEAD, Very Good. ONLY 14 SPECIMENS KNOWN, including those impounded in ANS and other museums and foundations! Since CONDITION CENSUS includes a fine specimen, this very good one should find an appreciative home 200.00
- 1846—S-42, Truncated Hair Locks variety. About Extremely Fine (curl over ear slightly flat) Diagnostic weakness in striking of "OF" on reverse which is a distinguishing mark of this variety. VERY RARE (HIGH R-5, nearly R-6). "CONDITION CENSUS." 750.00
- 1847—S-45 Braided Hair variety, basically Fine but eroded surface. EXTREMELY RARE VARIETY (R 6). Easily worth 200.00
- 1848—S-70 Variety with die break between T & Y, UNCIRCULATED WITH LOVELY BLUISH COLOR! UNDOUBTEDLY, A TOP CONDITION-CENSUS SPECIMEN! From a sale nearly eight years ago at a cost of \$750.00 where it was valued at \$1,000.00, should now be worth closer to 2,500.00
- 1849—S-72 HEAD OF 1795, About Very Fine (Reverse Sharper than Obverse) Catalogs V. F. \$200.00, this worth proportionately.

RARE & CHOICE 1795 LARGE CENTS

1850—S-74, LETTERED EDGE, Very Fine and Sharp (minute edge dings). VERY RARE (R-4). 400.00

1851—S-75 LETTERED EDGE, UNCIRCULATED CHOCOLATE-STEEL BLUE COLOR, smooth surface. Surely this CONDITION CENSUS worth 2,500.00

1852—S-78 PLAIN EDGE, "One Cent" HIGH, Lot 51 of the 1964 ANA Sale described as: "UNCIRCULATED WITH A REDDISH BROWN LUSTER SURFACE MINGLED WITH ORIGINAL RED (PROOFLIKE SURFACE). It has a long mark from the "B" of Liberty, to the back part of Liberty's jaw, which to the novice, would lend itself as being a scratch, however this is not the case. A piece of (material) selvage was struck into the coin, leaving it with the scratchlike appearance. This being such a GEM COIN only proves our year of research of the study of mint errors, the failing of the dies, etc. which is difficult to explain on a used coin. This remarkable specimen realized \$1150.00 at that sale 6 years ago. The present guidebook lists Top grade 1795 of this Variety at nearly 3 times that of the 1964 edition; therefore, we estimate this Splendid example to realize close to 3,000.00

RARE & CHOICE 1796 LARGE CENTS

- 1853—S-81 LIBERTY CAP, Pole attached to Bust. About Extremely Fine (Reverse sharper than Obverse). 300.00
- 1854—S-87 LIBERTY CAP, LOW 6, Extremely Fine with pleasing steel-blue color. A CHOICE example which is "CONDITION CENSUS". According to Dr. Sheldon's formula for valuation, this desirable specimen should be worth at least 650.00

- 1855—S-88 CLUB POLE, Balanced Date. Very Good and Sharp (very close to Fine); "ST" of "STATES" not as sharp as balance of coin. VERY RARE (R-6). A desirable specimen just missing "CONDITION CENSUS" which include a coin in only "FINE" condition. We believe this to be the 7th "FINEST KNOWN" and as such worth a minimum of 250.00
- 1856—S-90 LIBERTY CAP, Crowded Head, Obverse basically Very Fine, but erosion in field before neck and below date; wreath and "ONE CENT" sharpness of Very Fine, "UNITED" is Fine but "STATES OF AMERICA" varying in sharpness from fine to faint due to roughness of reverse surface. Originally acquired as "Very fine as to wear but some erosion, particularly on reverse". INVERTED REVERSE. "EXTREMELY RARE" (R-7). A most unusual opportunity to acquire ONE OF THE RAREST of the 1796 varieties. Easily worth 350.00
- 1857—S-99 DRAPED BUST, date slants right, single leaves, fair with Fine bold date (Bust and date Sharp, "LIBERTY" partly legible; Wreath and "ONE CENT" Sharp, legend partly legible). EXTREMELY RARE (R-7). Valued by owner at \$100 some years ago, however we believe this price to be a bit optimistic and feel a more realistic value would be 75.00
- 1858—S-105 Double Cut 6, Triple leaf. Fine with even wear both sides, a nice appearing specimen with only minute imperfections (small nick) typical of this grade. A "CONDITION CENSUS" specimen of this HIGH RARITY 6 (Sheldon—"Possibly 15-20 known."). Should be worth (according to Dr. Sheldon's formula) around 350.00
- 1859—S-107 Wide Date, Double leaf, "LIBERTY", date & bust Very Good, period-like depression on obverse; "UNITED STATES AMERICA 1/100" and wreath VERY GOOD, Central and top central sections rather weak, a few short scratches in center of reverse. An OUTSTANDING RARITY which Dr. Sheldon states "WE NOW ACCOUNT FOR JUST SEVEN IN COLLECTORS' HANDS, AND ONE IN ANS."

1860—S-111 Date leans Right, 9-6 Close. Acquired from a leading large cent specialist as "Very Fine 20. STRONG CONDITION CENSUS. SECOND FINEST KNOWN". A more detailed description would be basically Very Fine obverse with minute imperfections, a few minute edge dinges; Reverse Very Fine with legend and fraction somewhat sharper than the central portion, short scratch resembling a die break at bottom of TE, some porosity of planchet. VERY RARE VARIETY (Upper range of R-5). According to Sheldon's formula this HIGHLY DESIRABLE SPECIMEN should have a value of about 1,000.00

- 1861—S-113 Wide Denomination, Bust and date Very Good with die break through 17, LIBERTY faint evenly eroded surface; Very Good Reverse with fairly even wear. VERY RARE (Upper range of R-6, "around 15 known"). As Dr. Sheldon points out four of the six finest are impounded in ANS — would this then be a R-7 for collecting purposes? Probably worth the owner's evaluation of 125.00
- 1862—S-117 NO RIBBON KNOT, Good obverse; Very Good reverse with characteristic weakness in "ITE". EXTREMELY RARE ("ONLY TEN in the hands of collectors"). Acquired some years ago "DUPONT (Stacks 1954 sale) SAME CONDITION — 75.00." Surely it is now worth somewhat more.

RARE & CHOICE 1797 CENTS

1863—S-120b Crudely Gripped or Milled Edge, REV. OF 1796, lot 59 of 1964 A.N.A. sale, described: "Dark steel toned. VERY SHARP (55) 3RD OR 4TH FINEST KNOWN! May exceed the estimate of \$1,250.00." It realized \$1,100.00 there over 6 years ago. A comparison of the 1964 Guidebook with the present edition reveals that top-grade specimens of this variety have just about doubled, therefore this VIRTUALLY UNCIRCULATED specimen should realize about 2,000.00

- 1864—S-120b Later die state of this variety with die break at left extending thru date and buckling of die at RT of LIBERTY, overall grade of about fine. Catalogs 80.00

<p>1880—S-170 Date Curved & Well Spaced, RARE PERFECT OBVERSE DIE (most come with arc crack at left) UNCIRCULATED WITH LOVELY BLENDED BLUISH LIGHT BROWN COLOR! The original envelope states "FAR SUPERIOR TO ANS SPECIMEN — COULD BE THE 60 COIN WHICH DR. SHELDON ENUMERATES AS "FINEST KNOWN", VERY RARE VARIETY (Upper range (R-4). This remarkable specimen was acquired in 1965 as "FINEST KNOWN" at \$1,000.00. Surely this rarity now worth over \$1,500; probably closer to</p>	1,750.00

1881—S-184 The Low 9, extremely fine as to wear but some minor abrasions.	125.00

RARE & CHOICE 1799 CENTS

1882—S-188 OVERDATE 1799 Over 98, very good. RAREST DATE! Catalogs 650.00

1883—S-189 Normal date, chip on reverse quite prominent above "T" in CENT, extremely fine with light struck STATES OF which seems typical in many of this date. AN OUTSTANDING RARITY SO CHOICE! Easily worth over 4,000.00

RARE & CHOICE 1800 CENTS

1884—S-194 OVERDATE 1800 Over 179, very fine. VERY SCARCE (R-3). 125.00

1885—S-197 Famous "Q" variety (first "0" of date looks like a "Q") UNCIRCULATED BLUISH CHOCOLATE, faint rub on collar of bust, slight depression in planchet after LIBERTY (as made). Probably "CONDITION CENSUS". 600.00

1886—S-197 Advanced Die State of "Q" variety with series of dot like breaks back and below ribbon end of bust. Lot 78 of 1964 A.N.A. Sale described: "Deep brown with a mingling of Red. PRAC. UNC. (55). 4th (Which Sheldon lists as "55") OR 5TH FINEST KNOWN! Cost \$625.00 there, 6 years ago. A perusal of the 1964 Guidebook with the present edition, reveals top-grade 1800 cents have more than doubled in value therefore this remarkable specimen should now exceed 1,250.00

1887—S-203 Die cut before nose, extremely fine as to wear but some rough spots on surface. VERY SCARCE (R-3). Since Condition Census includes 2 very fine 25 coins, this specimen is highly desirable. 125.00

1888—S-207 Triangular mound-type die break under fraction. Lot 79 of 1964 A.N.A. Sale therein described: "Dr. Sheldon states finest known is 35. This is a sharp Ext. Fine with a fine granular Cameo surface with little sign of wear, and we say 35 plus. Thus we predict this one may bring a bid of around \$900.00 to \$1,000.00." It realized \$750.00 there. A comparison of the 1964 Guidebook with the current edition reveals that top-grade 1800 cents have more than doubled during the intervening time, therefore this RARE VARIETY (R-4) which was described in 1964 as "FINEST KNOWN" (or perhaps a different specimen the equal of it) should now exceed 1,500.00

1889—S-208 Break over TY & RIGHT, very good, rough surface. VERY SCARCE (R-3). Condition Census includes a fine-15 coin, therefore this is acceptable condition. 32.50

1890—S-208 Early die state with only the very tops of TY covered by light die break. Lot 80 of 1964 A.N.A. Sale therein described: "Fine pin point nicks on the dark olive surface. The reverse has fine line scratches. THE COIN ACTUALLY HAS NO WEAR and if it did not have the above imperfection this coin would be Prac. Unc. (55). Sheldon lists 40 as Finest Known." A note accompanying it has "Ex. F. from Geo. Hall Collection". Could this be the Extremely Fine-40 coin (down-graded from About Unc. 55 because of the imperfections) LISTED AS "FINEST KNOWN" in CONDITION-CENSUS? It realized \$650.00 in the 1964 A.N.A. sale but with present values more than double for choice 1800 cents, it should now easily exceed 1,300.00

1891—S-211 Large Planchet variety, extremely fine but leaves not fully struck up, slight edge dinge. VERY SCARCE (R-3). Possibly one of the two very fine-30 coins in Condition-Census. Easily worth 150.00

1892—S-212 Chips variety, long heavy fractions bar, very good and sharp (short scratch rev.). RARE (R-4). 50.00

CHOICE & RARE 1801 CENTS

1893—S-214 First 1 perfect (pointed) lustrous brownish chocolate color, near Uncirculated, 3 pinpoint nicks, early die state with only slight die failure at top of RT. **VERY RARE (R-5)**. Acquired as **"FOURTH FINEST KNOWN"** (Condition Census lists A.U.-50 as such). A lovely specimen now worth 1,000.00

1894—S-222 Blunt 1's in date, variety with small rim break above IB and blunted top leaves, Virtually **UNCIRCULATED** with lustrous chocolate-brown surface, only barest trace friction. **CONDITION-CENSUS! This must be "THE THIRD FINEST KNOWN" or perhaps SUPERIOR!** We believe this prize specimen to now be worth around 1,000.00

1895—S-223 **FRACTION 1/000**, variety with blunt 1's in date and heavy break over RTY, extremely fine and sharp, variety with lower leaves bluntly struck, slightly porous planchet, chocolate-steel color. 250.00

RARE & CHOICE 1802 CENTS

1896—S-225 Variety with 1 touching hair, very good, tiny nick. **RARE (R-4)**. Valued by Sheldon at 3 times "common" variety or 40.50

1897—S-226 Break below 802, another forehead to rim, **extremely fine and sharp but some roughness of reverse surface**. Lot 260 of Kosoff's Nov. 1961 sale of Schwartz collection described therein as: "VF-30" \$50.00 (sharp very fine—lower condition to compensate for roughness of reverse surface). **VERY SCARCE (Upper range R-3)**. Present value at least 125.00

1898—S-231 **STEMLESS WREATH**, single fraction bar, light break through bottom of date, and before face, virtually **UNCIRCULATED**, only barest friction, nice surface, even brown color. Acquired as **"FOURTH FINEST KNOWN A.U.-55"**. In an old J.G. Macallister (Philda.) envelope marked "D165 Near Unc." The demand for a top specimen of the **STEMLESS WREATH "type"** should send it to around 400.00

1899—S-232 **CORRECTED ERROR DIE (T over Y in LIBERTY)** prominent break over ATE, virtually **UNCIRCULATED**. only barest friction, lovely bluish purple patina. **CONDITION CENSUS!** 300.00

1900—S-233 Similar obverse, dif. reverse, extremely fine, dinge on edge. **RARE (R-4)**. **CONDITION CENSUS** (which includes 2 V.F. & 1 E. F.). 400.00

1901—S-235 Variety with 4 Berries right, about very fine (eroded surface, tiny light scratch, blunt struck lower leaves.) **VERY RARE (R-5)**. Valued at 4 times "common" variety or about 200.00

1902—S-236 Similar reverse but obverse 18 leaning right variety, **extremely fine and sharp, lustrous chocolate color**. 125.00

1903—S-240 Diagonal Crack lower right field. Lot 93 of 1964 A.N.A. Sale described: "This coin was struck with a damaged "clashed" die, reverse has many die cracks, slightly flat struck on high point of high hair. This is no indication of wear other than this poor example of die work this coin is sharply struck with a steel toning and has an intermingling of brown. For precautionary measures Prac. Unc. 55 is probably the **FINEST KNOWN** since C.C. (Condition Census) lists the top grade one at 40. This one then should bring close to \$1,000.00." It realized \$825.00 then — 6 years ago. With the more than doubling of top-grade 1802 cents in the intervening 6 years, this **"FINEST KNOWN" VERY RARE (R-6) VARIETY** should now exceed 1,650.00

1904—S-241 **STEMLESS WREATH**, Double Fraction Bar, extremely fine, lower leaves bluntly struck. 125.00

1905—S-242 Three Stemless Berries, very fine (edge dinge). **VERY SCARCE (R-3)**. Valued at twice the "common" variety or 100.00

RARE & CHOICE 1803 CENTS

1906—S-243 STEMLESS WREATH, near Uncirculated, steel-blue color, some porosity of surface. RARE (R-4). Possibly the FOURTH FINEST KNOWN (the 45 coin in Condition Census?). Should realize around	600.00
1907—S-244 Small, Wide Curved Date, small fraction, 3 imbedded in drapery, near Uncirculated, steel-blue color. VERY RARE VARIETY (R-5). Acquired as " THIRD FINEST KNOWN ". RARITY & CONDITION-CENSUS should make this worth around	750.00
1908—S-245 Unicorn variety (die break projecting from forehead) extremely fine and sharp, porous planchet, edge dinge. RARE (R-4).	350.00
1909—S-246 High numerator variety, very good and sharp. RARE (R-4).	60.00
1910—S-247 "Mumps" (lump under chin) variety, virtually UNCIRCULATED , only barest friction, steel-blue color. VERY RARE (R-5) VARIETY and CONDITION-CENSUS! Acquired as " 2ND OR 3RD FINEST KNOWN! " Surely this rarity in such choice condition worth well over	750.00

<p>1911—S-249 CORRECTED FRACTION ERROR 1/100 Over 1/1000. Lot 97 of 1964 A.N.A. Sale described: "Disregarding a tiny stain between the E of LIBERTY and a larger one after Y, this coin is virtually a FULL MINT RED, however the flatness in the hair over the forehead which in our humble opinion is "mint struck". We readily can see why others could and would say wear etc. without "dwelling" on this important subject first before forming an opinion. This we too must back up a little to keep peace with all and say virtually UNCIRCULATED. M.S. 60 to 65 and since Dr. Sheldon's Condition Census listed as 65-60-60-45-35 we must assume that this one has to be at least, conservatively speaking, SECOND OR THIRD FINEST KNOWN and now today could bring well over \$1,000.00." In examining this remarkable specimen, it seems to have acquired some lovely tan to blend in with the Red. It realized \$850.00 at that sale 6 years ago. The present value should be over</p>	1,700.00
--	----------

1912—S-NC-1 The farthest 1 & 3, Widest Denominator, very good (actually sharper but rough surface). Originally " NON-COLLECTIBLE " but now " About Ten In Collectors' Hands ". CONDITION-CENSUS includes a very good-8 coin which may be this specimen. According to Sheldon's formula, its present value should be	270.00
1913—S-256 Small date, 03 close, 3 touches drapery, very fine, die beginning to fail at TA & O (OF). RARE (R-4). Valued by Sheldon at 3 times the "common" variety or	180.00
1914—S-257 Small date; Large Fraction, 11 berries, only slight friction but some rough spots on surface. Either the extremely fine-40 coin in Condition Census or close to it. Scarce (R-2) but "singularly rare at the higher condition levels."	200.00
1915—S-259 "Ghost 3" Obverse, Large Fraction, short bar, variety with die crack from rim over first S, joining the crack (now prominent) connecting tops of TAT, then returning to rim over E. Sheldon states "Two examples are known". VERY RARE (Upper range R-5). Basically extremely fine as to wear but has small rough spot and some edge dinges. CONDITION CENSUS as CC includes 3 fine to very fine and 1 extremely fine. Probably worth the price of the V.F.-20 coin in C.C. which figures out to	360.00
1916—S-261 Wide Date, 3 touches bust, Large Fraction, light die crack between 8 & 0 from edge to shoulder only, very fine. VERY SCARCE (R-3). Valued at double the "common" variety or	120.00
1917—S-263 Divided Date 18 03, small date & fraction, 6 small berries left, 5 right, heavy crack connecting bases of 1803 & extending under curl at left, characteristic reverse crack extending through left top of 0, extremely fine. VERY SCARCE (R-3). Valued at double the "common" variety or about	250.00

RARE AND CHOICE 1803 CENTS (Cont.)

- 1918—S-265 LARGE DATE, LARGE FRACTION, extremely fine as to wear but has 2 edge dinges. Could be the 30 coin in **CONDITION CENSUS** (very fine and sharp). RARE (R-4). Popular "type" coin. A very fine-20 coin catalogs \$325 in Guidebook; but a 30 coin would be worth over \$500; an additional 50% premium due to being in **CONDITION CENSUS** would then place the value of this choice specimen at over 750.00

RARE & CHOICE 1804 CENTS

- 1919—Broken Obv. & Rev. Dies. **EXTREMELY FINE** appearing but close examination reveals an excellent job of restoration (some encrustation or verdigris apparently has been expertly removed). There is a date of "1963" on the envelope and a price of \$1,500.00. Whether this is the cost or what it represents we have no way of knowing at this time.

- 1920—Normal or Perfect Dies, basically very fine with characteristic weakness in **STATES**, rough surface with some green patina, probably worth fine price of 450.00

- 1923—1806 S-270 Extremely fine. 175.00
- 1924—1806 S-270 Variety with die crack through lowest curl, basically extremely fine as to wear but some roughness of surface and tiny edge nick. Cat. v.f. 115.00

- 1926—1807 S-273 LARGE 7 OVER 6, variety with die crack connecting C of AMERICA to leaf but not going through C, extremely fine and sharp, attractive deep brown color. Possibly the extremely fine-45 coin in **CONDITION CENSUS**. As such, it would be worth 225.00
- 1927—1807 S-275 Perfect Date, ER well above hair, Large Fraction, near Uncirculated as to wear (only slight friction) but minute abrasions which seem to blend in with the even brown color. **VERY RARE** (R-5). **CONDITION CENSUS!** Using Sheldon's formula for value, this appears to be worth about 600.00
- 1928—1807 S-276 The "common" Large Fraction variety with ER close to hair, reverse only slightly rotated rather than usual upset reverse, **UNCIRCULATED BROWN WITH TRACES OF RED**, some porosity of planchet, faint rub, lower three left leaves flatly struck. Could be the 50 coin in **CONDITION CENSUS**. Acquired at 495.00

- 1930—1809 S-280 Basically about Extremely Fine but granulated surface. **FOURTH RAREST DATE LARGE CENT**. Probably worth very fine price of 325.00

VERY SHARP with a dark olive patina, strong 50 to 55. Might reach a bid of over \$400.00." It reached \$350.00 six years ago. We note this date has almost doubled in price since then, therefore its present value should be around	600.00

THIAN CONFEDERATE CURRENCY ALBUM AS DESCRIBED AT APRIL 1956 CENTRAL STATES AUCTION

- 2061—"Rare album of Confederate Notes together with an 'accurate and exhaustive description of the varieties comprising a full set' (88 varieties are described). The album contains 73 Confederate Notes, all different varieties. The special album was prepared in 1876 by Raphael P. Thian, chief clerk in the Adjutant General's office in Washington, D. C., during which time that office was responsible for 'the collection, safekeeping and publication of the rebel archives.' "According to a recent book, "Confederate Finance" by Richard C. Todd, only two copies of the Thian album are Known — one in the Duke University Library, the other in the Library of the Adjutant General, National Archives, Washington, D.C. However, another is in the hands of a collector — and a manuscript copy is the property of a Florida dealer, and is valued at \$1200.00".
- The present owner acquired this remarkable album from its former owner at \$1500.00. What it should now bring is problematical.
